

HICC 2009

Haemostasis in Critical Care – on the way to improve clinical outcome

HICC-Fallmeeting St. Gallen/Switzerland
OLMA Messen, Hall 2.0

25/26 September 2009

under the auspices of the Working Party on
Perioperative Haemostasis of the Society for
Thrombosis- and Haemostasis Research (GTH)

www.hicc.ch (information and registration)

Friday September 25 2009

12.15	Registration hall 2.0	
12:45	Lunch, Hall 09.1, Foyer (industrial exhibition)	
14.15	Welcome hall 2.0	W. Korte
<hr/>		
14.30	Diagnostic procedures - what, when, how ? Chair: M. Filipovic (CH)	
R. Loreth (D)	Use of the classical preoperative coagulation profil	(20)
A. Exadaktylos (CH)	Time issues: can thrombelastography reduce the time to diagnosis?	(20)
A. Nimmo (UK)	Does the use of thrombelastography improve the use of blood products?	(20)
15.30	Coffee break hall 9.1., Foyer (industrial exhibition)	
<hr/>		
16.00	Platelet aggregation and aggregometry - a routine issue (?) Chair: L. Anderson (UK)	
D. Bolliger (CH)	Where should whole blood aggregometry be performed?	(20)
M. Spannagl (D)	Whole blood impedance aggregometry in patients with PCI has predictive value towards ACS	(20)
W. Korte (CH)	Perioperative platelet inhibition - Statement by the working group on perioperative haemostasis of the GTH	(20)
<hr/>		
17.00	From practical issues to research Chair: M. Mörtl (A)	
D. Schlembach (A)	Postpartum haemorrhage	(20)
A. Exadaktylos (CH)	Measures to reduce red cell usage in orthopaedic patients – simple and effective	(20)
M. Ganter (CH)	What about this protein C issue in trauma?	(20)
<hr/>		
18.00	End of the first day	
19.30	Dinner Party, Restaurant Candela Sonnenstr. 5, St. Gallen (registration required)	

Saturday September 26 2009

08.45	Blood and blood products - valuable, precious ... Chair: R. Lussmann (CH)	
J.-M. Spieser (F)	The European Council cares about blood (products)	('30)
M. Vorweg (D):	Management of coagulopathic trauma patients – a view by an anesthetist and hospital administrator	('30)
9.45	Coffee break, hall 9.1, foyer (industrial exhibition)	
10:30	The ex vivo and in vivo effect of platelet transfusion in oncology Chair: D. Tsakiris (CH)	
L. Graf (CH)	The impact of platelet transfusion on clot firmness in the "low platelets, high fibrinogen" setting	('20)
J. Wandt (D)	Platelet transfusion in leukemic patients – can we switch from prophylactical to "as needed"?	('20)
11:10	Discussion of open issues Moderator: W. Korte (CH)	
11:45	HICC's future and farewell W. Korte (CH), M. Spannagl (D)	
12.00 - 12.30	Farewell - Apero, hall 9.1, foyer (industrial exhibition)	

Invited discussants:

Registration / Housing: please visit www.hicc.ch; Questions ? please mail to info@crone.ch

Registration SFr. 130.-; Dinner Party SFr. 60.- / person (all incl.)

CME credits applied for

Swiss Society for Anaesthesiology and Resuscitation	9
Swiss Society for Intensive Care Medicine	9
Swiss Society for Hematology	9
FAMH (Laboratory Medicine)	9
Swiss Society for Cardiology	3
Swiss Society for Internal Medicine	7

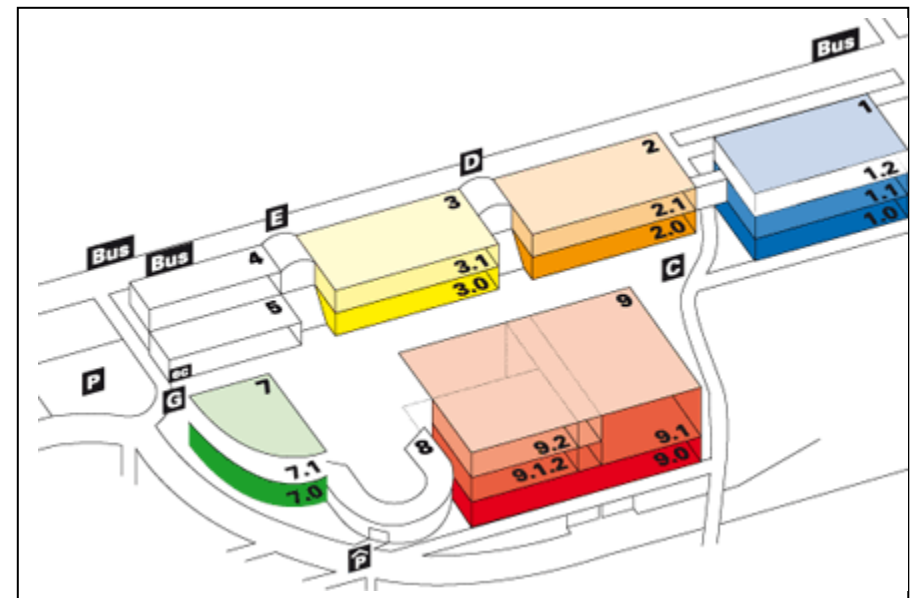

We thank our sponsors:

CSL Behring AG (CH)	Pentapharm GmbH (D)
Roche Diagnostics AG (CH)	Bayer AG
Axon Lab AG (CH)	sanofi-aventis (schweiz) ag (CH)
GlaxoSmithKline AG (CH)	

Olma Messen St. Gallen
Registration Hall 2.0

By train
St. Gallen Main Station Bus no. 3 "Heiligkreuz", Station "Olma"
